Background

The Sexual Assault Response Team Advisory Committee (SART AC), created by statute, KRS 403.707, is co-chaired by Kentucky Association of Sexual Assault Programs (KASAP) and the Kentucky State Police (KSP), with members from various statewide agencies.¹ This committee is responsible for creating protocols and policies, providing support and resources, and reporting on outcomes as they relate to professionals who interact with survivors of sexual violence. Several SART AC resources can be found on KASAP's website including a SART toolkit.²

One goal of the SART AC is to support the creation and sustainability of regional sexual assault response teams (SARTs). The presence of functioning SARTs in communities has been associated with improved access to resources for survivors, higher rates of survivor participation in the legal system and improved forensic evidence collection. In addition to law enforcement agencies, healthcare facilities and Rape Crisis Centers (RCCs), there are several other stakeholders whose services are critical to survivors, such as the Kentucky Claims Commission, Kentucky State Police Crime Labs, and the County and Commonwealth Attorneys to name just a few.

With passage in 2016 of Senate Bill 63, the Sexual Assault Forensic Evidence Act (SAFE Act), the SART AC was tasked with creating a report for the Kentucky General Assembly³. This is the sixth annual report that fulfills this requirement. This report will detail the progress of the implementation "by the numbers", as required, of both the untested kits as well as kits that continue to be submitted going forward. For the purposes of this document, data reflecting sexual assault forensic evidence kits were collected in the time period January 1 through December 31, 2022. Other data included may have been collected outside of this time period, for which a reference will be made.

The requirement in the law to report specific numbers on a yearly basis is an effort to get an annual snapshot of anticipated and hoped for systems change in how sexual assault cases are handled by the legal system, thereby instilling confidence in survivors who want to seek legal justice in the future, or perhaps feel they have had justice denied because their kit remained untested. Ultimately the intent of the SAFE Act continues to send the message that survivors wishing to utilize the emergency healthcare and legal systems following sexual assault will receive comprehensive services that are trauma-informed by hospitals, mental health and physical health providers, law enforcement entities, and courts.

However, we know that sexual violence impacts different groups in different ways. We also recognize that survivors who access services have diverse backgrounds and multi-layered identities that affect their access to medical and sexual assault services, experience with the legal system, needs, and feelings of safety. Many disparities exist within the traditional systems of

¹ KRS 403.707

² www.kasap.org

³ KRS 403.707(5)(g)

response, especially for BIPOC, LGBTQ+, and folks who use substances⁴. Our data reveals that these groups tend to have some of the lowest rates of seeking care following sexual assault in KY and shows us that we are failing to reach all survivors equally. The 2021 SAFE Act report posed the following questions to its audience:

- What progress could we make if we focused our services and policies on prevention with the same rigor as we have focused on response?
- How can SARTs provide a comprehensive care response to *all* survivors, not just those reporting to law enforcement or receiving SAFE services?
- What are ways we can improve meeting survivors where they are in terms of their wants, needs, and what justice means to them?

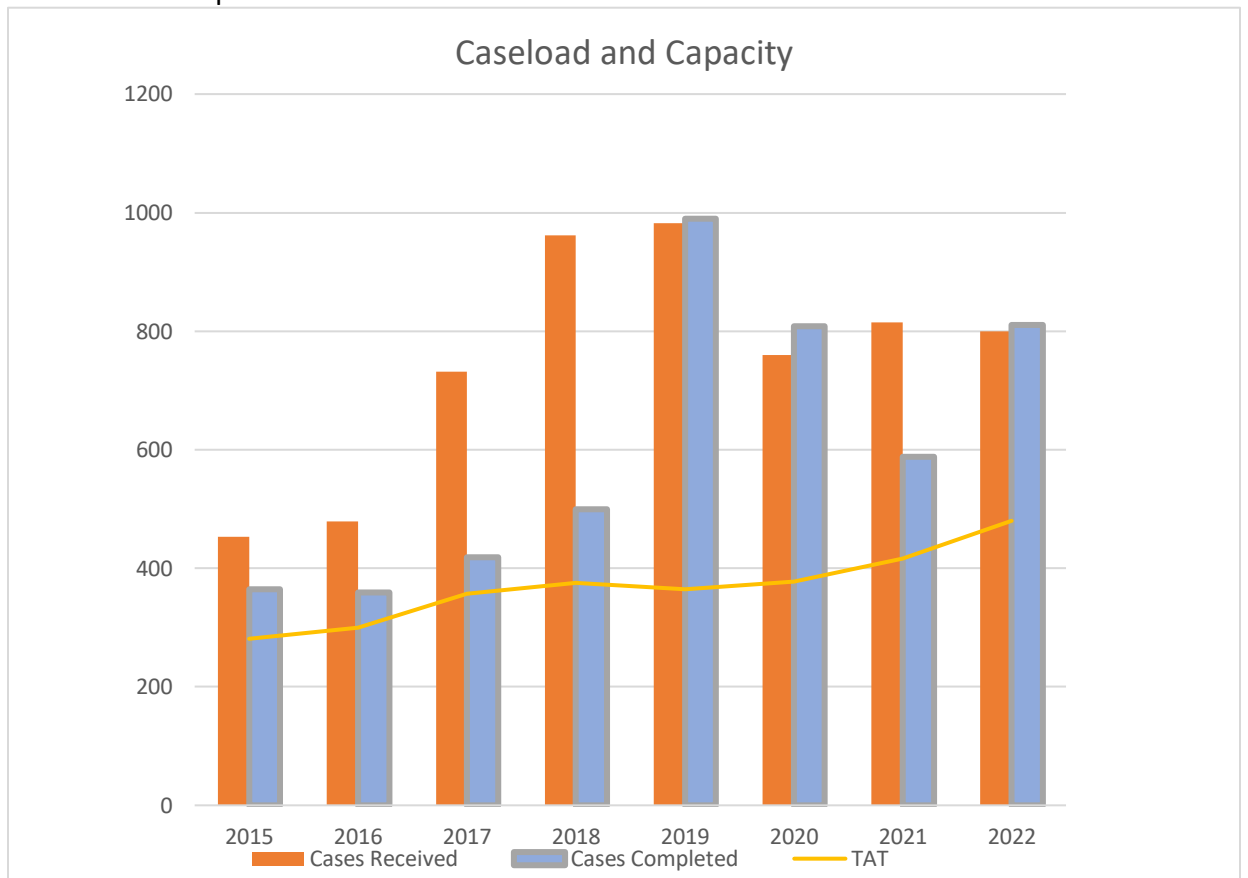

Many answers to these questions must be survivor driven. If we are not including survivor voices from all groups within Kentucky, then we are furthering inequitable systems, services, and outcomes. We want to encourage the thoughtful creation and utilization of victim and survivor Advisory Councils, which provide invaluable insight on closing the gaps that restrict access to services for all.

⁴ BIPOC means Black, Indigenous, and People of Color; LGBTQ+ means Lesbian, Gay, Bisexual, Transgender, and Queer.

2022 Kentucky State Police Forensic Laboratory System Numbers

2022 Kentucky State Police Forensic Laboratories Statistics:

- 1) Caseload: In calendar year 2022, the Kentucky State Police Forensic Laboratory System received a total of 800 sexual assault forensic evidence (SAFE) kits.
- 2) Capacity: During the same time period, the Kentucky State Police Forensic Laboratories completed analysis on 810 SAFE kits an increase of 222 kits as compared to calendar year 2021. The average turnaround time was 483 days from date of submission to the date the final report was released.

- 3) Of the 800 SAFE kits received in 2022, 18 had offense dates ranging from 1999 through 2021 taking up to 23 years for submission to the laboratory for testing. The average number of days for submission to the lab was 69 days due to these older kits. When removed from calculation, the average number of days from collection to submission to the laboratory was 33 days for the remaining 782 kits. The median number of days between the offense date and the lab submission date was 19 days and more reflective of the norm.

- a. 536 (67.0%) were submitted to the lab in 30 days or less from the recorded offense date. This is a decrease from 71.5% for 2021.
 - b. 151 (18.9%) were submitted between 31 and 60 days from the recorded offense date. This is an increase from 17.7% in 2021.
 - c. 42 (5.3%) were submitted between 61 and 90 days from the recorded offense date. This is an increase from 3.8% in 2021.
 - d. 19 (2.4%) were submitted between 91 and 120 days from the reported offense date. This is an increase from 2.0% in 2021.
 - e. 52 (6.5%) were submitted in 120 days or greater from the reported offense date. This is an increase from 5.3% in 2020. Cases over the 120 day submission timeframe included 18 cases, over a year old, from 1999 through 2021 that were submitted to the laboratory for the first time. (One kit from each of the years 1999, 2000, 2016, 2018, 2019. Two kits from 2017. Five kits from 2020 and six kits from 2021.)
- 4) # of SAFE kits entered into the kit tracking system by medical centers in 2022: 707
- a. 541 (77.2%) were reported to law enforcement cases, down from 81.0% in 2021
 - b. 161 were non-reporting (22.8%), up from 17.1% in 2021
 - c. Kit Tracking Accounts have been set up for 82 hospitals. Of the 82 hospitals, 40 entered at least one kit into the system in 2022. This is an increase from 33 in 2021.
- 5) Six Forensic Biologist positions were vacant at the end of 2022 due to resignations and one retirement. All six vacancies have been filled as of June 2023 with training still to be completed. One analyst who just completed training has resigned effective July 31st and another fully trained analyst will likely not return from maternity leave, creating two new vacancies.

Discussion of the problem: Following the difficulties raised due to half-staffing levels on site with COVID-19 preventative measures in place and with restrictions lifted June 11, 2021, the laboratories were able to return to full occupancy at the laboratory and casework production rebuilt to normal levels in early 2022. However, the backlog incurred from the COVID-19 semi-shutdown pushed cases still needing analysis into 2022. This resulted in longer case completion, or turnaround, times for the cases worked and reported for 2022. The cases submitted in 2020 and 2021 that did not get worked because of COVID-19 restrictions, were first to be worked in 2022. This created an increase in turnaround times from 416 days in 2021 to 483 days in 2022.

Staff turnover continued to remain a problem. In 2016 and the Kentucky SAFE Act/Senate Bill 63, 10 additional analysts were added to the Central Laboratory Forensic Biology Section to increase capacity. In 2023, six of those ten positions were vacant. With the raises

provided by the legislature in recent years, the KSP Laboratories advertised three vacant Forensic Biologist positions, not at the no-experience/entry level, but sought out experienced DNA analysts hoping the higher salaries would encourage trained analysts from other laboratories to apply. This would have saved a year to eighteen months of training to bring an analyst from a new KSP hire to a contributing, caseworking analyst. There were no qualified applicants for the positions. The positions were re-posted at the entry level. The constant turnover impedes progress in reducing backlog numbers. Training takes at least a year to complete and requires the removal of trained analysts from the bench to train the new analysts.

In addition to the reduced number of trained analysts, SAFE kits now comprise approximately half of cases submitted for DNA testing in 2022. In 2015, when the SAFE kit audit was conducted to identify kits that had never been submitted to the lab for testing, approximately 36% of the DNA cases submitted for DNA testing were comprised of sexual assault evidence kits. Since then, there has been a continuous uptick in kit submissions over the years. 59% of the DNA caseload in 2021 involved cases with sexual assault kits and in 2022 SAFE kits comprised 49% of the submissions.

Due to the constant turnover of trained analysts, the laboratory took steps to identify additional means to reduce the backlogs and turnaround times that were independent of staffing levels. In 2022, the Forensic Biology and Evidence Sections started twenty (20) staff members through Lean Six Sigma green belt training and conducted efficiency studies including process mapping type assessments of the Biology and Evidence handling activities in the laboratories. In that process, multiple opportunities were discovered that could significantly assist with speeding up casework without compromising quality. This assessment was completed in early 2023 and implementation of the new improved processes has started. Unfortunately, the evaluation, improvement/solution seeking research, and implementation (including construction projects) took time away from the analysts' ability to work cases which also contributed to the increased turnaround times for 2022 cases.

Discussion of the solution: In 2022 the reorganization of the Forensic Biology Sections of the laboratory was completed and it included a section dedicated to conducting high throughput SAFE kit testing. This section will utilize "Direct to DNA" which moves the testing

of kits through the DNA process first and the testing for biological fluid identification (serology) becomes secondary. This is accomplished with both Rapid DNA and traditional DNA methods. Part of the longer turnaround times for case completions in 2022 was due to the buildup of cases that were not worked in 2020 and 2021 due to COVID-19 restrictions. In April of 2022, the laboratories transitioned to accepting SAFE kits and placing them directly in the DNA line of evidence awaiting testing. It has taken approximately one year to complete the testing of the kits ahead of the Direct to DNA kits. So everything in line waiting is at the one year mark for turnaround times prior to being taken up for analysis. With the Direct to DNA cases now at the front of the line, analysts are pleased to report that once a kit is taken from the waiting line, the analysis is completed with reports are issued within 90 days. It will just take some time to get through the kits currently in the line. New instruments to handle the increased DNA samples also were purchased and are about to be brought online. They will be added to the process in July 2023 and will increase output significantly. With the implementation of the robotic systems into the Direct to DNA process, the line of kits awaiting analysis will begin to decrease making the 90 day turnaround time possible.

2023 progress to date: Traditional kits averaged 374 days for completion in June 2023. For comparison, our turnaround time at the end of 2023 was 480 days. Rapid DNA cases are averaging 34 days for completion and the KSP Laboratories continue to increase the number of hospitals that use the Rapid DNA kits. The backlog and turnaround time numbers are indeed dropping as the KSP Laboratories move through all of these changes and even more significant decreases are expected to be forthcoming.

Law Enforcement Numbers of Reports and Charges

The SAFE Act, under KRS 16.132, requires the Kentucky State Police to collect statewide statistical data on the number of crimes reported and investigated under the following statutes:

KRS 510.040 (rape 1st degree), 510.050 (rape 2nd degree), 510.060 (rape 3rd degree), 510.070 (sodomy 1st degree), 510.080 (sodomy 2nd degree), 510.090 (sodomy 3rd degree), 510.110 (sexual abuse 1st degree), 510.120 (sexual abuse 2nd degree), 510.130 (sexual abuse 3rd degree), 510.140 (sexual misconduct), 530.020 (incest), 530.064(1)(a) (unlawful transaction with a minor – illegal sexual activity, 1st degree), and 531.310 (use of a minor in a sexual performance).

AOC Summary Court Data- Case Outcomes

The Administrative Office of the Courts (AOC) is required by the SAFE Act to submit data to the SART AC “regarding the prosecution, dismissal, conviction, or acquittal of any person charged with committing, attempting to commit, or complicity to commit a sexual offense as defined by KRS 510.040 (rape 1st degree), 510.050 (rape 2nd degree), 510.060 (rape 3rd degree), 510.070 (sodomy 1st degree), 510.080 (sodomy 2nd degree), 510.090 (sodomy 3rd degree), 510.110 (sexual abuse 1st degree), 510.120, (sexual abuse 2nd degree) 510.130 (sexual abuse 3rd degree), 510.140 (sexual misconduct), 530.020 (incest), 530.064(1)(a) (unlawful transaction with a minor – illegal sexual activity, 1st degree), and 531.310 (use of a minor in a sexual performance). This is the same set of statutes as required to be collected on by KSP in the previous section.

Kentucky does not require training for prosecutors or other court personnel, similar to what is required of law enforcement officers. KASAP offers trainings for attorneys at the Annual Conference to End Sexual Assault and Domestic Violence and the Office of the Attorney General has offered various training opportunities as well. We encourage prosecutors and others working within the legal system to continue to include relevant training and to connect with the SART AC. There are also exceptional free training resources online through Aequitas⁵ and End Violence Against Women International⁶ that we recommend. Without additional training, misconceptions and a lack of information may hinder prosecutors. This is one area where the SART AC continues to recommend required training. Finally, the data collection here does not tell us if changes are being implemented nor any outcomes from changes. This continues to remain an area worth exploring further.

Law Enforcement Training on Sexual Assault Investigations

Although not required to be reported to the General Assembly, the SAFE Act established guidelines for law enforcement training to be conducted by the Department of Criminal Justice Training (DOCJT).⁷ The SART AC thinks it is important to showcase the work performed annually by the DOCJT to help ensure law enforcement agencies meet the training requirements. In 2022, a total of 296 law enforcement personnel were provided statutorily mandated Sexual Assault Investigation training. This training includes eight (8) hours of information specific to sexual

⁵ <https://aequitasresource.org/> "Aequitas is a nonprofit organization focused on developing, evaluating, and refining prosecution practices related to gender-based violence and human trafficking. We're a team of former prosecutors with decades of experience, working globally to hold offenders accountable and promote victim safety."

⁶ <https://www.evawintl.org/> "We inspire and educate those who respond to gender-based violence, equipping them with the knowledge and tools they need to support victims and hold perpetrators accountable. We promote victim-centered, multidisciplinary collaboration, which strengthens the response of the criminal justice system, other professionals, allies, and the general public -- making communities safer."

⁷ KRS 15.334(1)(f) and (2)(c)

assault during basic training.⁸ As of June 2023, a total of 22 law enforcement personnel has received training.

Sexual Assault Kit Initiative

The Kentucky Sexual Assault Kit Initiative (KySAKI) project is a comprehensive grant program, originally founded in October 2017, designed to assist the agencies throughout the Commonwealth in clearing a backlog of previously un-submitted sexual assault kits as well as reforming the manner in which the Commonwealth responds to sexual assault cases.

The Kentucky Office of the Attorney General (KYOAG), as a current grant recipient, leads the state's reform efforts by providing training and technical assistance statewide on sexually motivated cold case investigation and prosecution, including use of Forensic Genetic Genealogy. The KySAKI project includes sub-grants to critical partners, such as the University of Louisville and the Kentucky State Police Central Laboratory.

The entirety of Kentucky's previously unsubmitted SAKI certified inventory has been tested to date, and Kentucky continues to make great strides to develop infrastructure and capacity to prevent a backlog from recurring.

In addition to training and technical assistance, the KySAKI grant funded a Law Enforcement Development Specialist within the Kentucky Office of Attorney General and a SAFE Kit Coordinator position within Kentucky State Police. The sub-grant to the University of Louisville funded a research project to aid the state in understanding how the backlog occurred and to assess reform efforts to ensure their efficiency.

In 2022, the Kentucky Office of the Attorney General offered support for DANY/SAKI cases identified by the Kentucky State Lab as possibly eligible for Familial Searching, Forensic Genealogy Searches, and Phenotyping/Ancestral Analysis. This type of specialized testing of forensic CODIS hits leads to information about the identity of unknown suspects.

Between May and October 2022, KySAKI trained 73 law enforcement officers on sexual assault victim-centered interviewing, with a focus on cold cases. Additionally, KySAKI was the technical assistance provider for law enforcement, victim advocates, prosecutors, SANEs, and other allied professionals working on the SAKI project and sexual assault reform in the Commonwealth.

The KySAKI grant continued to reflect a more innovative, comprehensive approach to the investigations of sexually violent predators as a necessity to achieving justice on behalf of sexual assault survivors. With the KYOAG's project focused on training and technical assistance, the cold

⁸ KRS 15.334 (1)(f) "Beginning January 1, 2017, the council shall require that a law enforcement basic training course include at least eight (8) hours of training relevant to sexual assault"

case sexual assault investigations continued under the Justice and Public Safety Cabinet’s SAKI grant. The KySAKI project is funded through a federal grant applied for in 2019 and 2021 by the Kentucky Office of the Attorney General.

The SART AC encourages law enforcement agencies and RCCs to work collaboratively when victims and survivors need to be notified about the results of a previously submitted forensic evidence kit. RCC advocates can provide law enforcement with additional assistance in ensuring victims and survivors have the information needed to receive trauma-informed and community-based follow-up support services. The Survivor Notification Protocol includes practices aimed to minimize re-traumatization of victims and survivors when the notification process occurs.

Sexual Assault Nurse Examiners and SANE-Ready Hospitals

A Sexual Assault Nurse Examiner (SANE) is a registered nurse or Advanced practice registered nurse who receives specialized training (didactic and clinical) that allows them to perform sexual assault medical-forensic examinations. “A comprehensive medical-forensic exam includes the evaluation and treatment of injuries, obtaining the medical-forensic history, conducting the physical assessment, providing support and crisis intervention, providing prophylaxis against sexually transmitted infections, assessing pregnancy risk and offering treatment options, and providing follow-up referrals for medical and emotional needs” (International Association of Forensic Nurses, n.d.). SANE nurses work in collaboration with the investigative team, prosecutors, the multidisciplinary healthcare team, and protection/advocacy centers to ensure that sexual assault victims receive adequate trauma-informed care after a sexual assault. The “collaboration across disciplines enhances the quality of health care, improves the quality of forensic evidence, increases law enforcement’s ability to collect information, file charges, and refer an investigation to prosecution, and increases prosecution rates” (U.S Department of Justice, 2017, as cited in Kentucky Medical Protocol for Child Sexual Assault/Abuse Evaluation, 2021).

A nurse who wishes to become SANE credentialed may choose one or both tracks as a SANE Adult/Adolescent (A/A) or a SANE Pediatric/Adolescent (P/A). Each track requires both a didactic and clinical component from an approved training program. The SANE - A/A is trained in the forensic examination of adults and adolescents, defined as “a child who has reached the onset of physiological normal puberty” or older who have been the victim of sexual assault (Kentucky Board of Nursing, 2022). The SANE - P/A is trained in the forensic examination of pediatrics and adolescents, defined as “a child who has not reached the onset of physiological normal puberty” or individuals up to age 18 who have been the victim of sexual assault (Kentucky Board of Nursing, 2022).

The SANE collects and preserves evidence and testifies in legal proceedings in accordance with Kentucky law (Kentucky Board of Nursing, 2022). 201 KAR 20:411 provides credentialing information for nurses who are interested in obtaining a SANE credential in Kentucky. Information can also be found on the KBN website.

Currently, there are three hundred and ninety-five (395) SANE credentialed nurses in Kentucky with five (5) of those SANEs now having the SANE-P/A credential. The first SANE training program in the Commonwealth began in 2005 with the second in 2020. During this period, KASAP was the only KBN approved KY provider of SANE trainings. In 2020, it was KASAP's goal to help support local SANE programs establish their own training courses since KASAP staff's primary role is to support our RCC member programs, which do not provide 24/7 access to SAFE services like emergency departments.

Over the last year and a half five (5) more training programs have been developed to provide this essential training to nurses who wish to become SANE credentialed in Kentucky. Of the seven (7) SANE training programs. Six (6) are SANE-A/A and one (1) is SANE-P/A. For information on upcoming training dates, you may contact the SANE training programs below. Some training courses may be offered virtually as well.

The SAFE Act included a provision to designate hospitals as “SANE-ready” if they were able to provide 24/7 coverage of sexual assault nurse examiners (SANEs) to treat “persons seeking treatment as victims of sexual offenses.”⁹ We know that there are a limited number of SANEs available throughout Kentucky. KASAP and numerous members of the SART AC have made it a collaborative priority to strengthen the SANE initiative throughout Kentucky. We have also seen the support for SANE nursing grow across other statewide agencies who have aided in bringing awareness to the barriers around SANE nursing and working to increase the number of SANEs throughout Kentucky. For the past two years, we have seen an increase in additional statewide opportunities for nurses wanting to obtain SANE training, with the number of independent SANE training programs continuing to grow.

More statewide SANE trainings were provided between July 2022-July 2023 than any year since 2020. Additionally, SANE trainings were made available, either in-person or virtually, every other month of the year. We anticipate seeing even more trainings made available in 2024 since 2 new SANE training programs were established in 2023. Utilizing a hybrid meeting model has enabled more nurses to attend the classroom portion of the training by potentially removing barriers such as the costs associated with travel and lodging to attend the trainings. Once nurses have

⁹ KRS 216B.401

completed the classroom portion of the training, they must meet specific clinical objectives within one year.

SANE Readiness

As of June 2023, 14 hospitals have current SANE-ready designation status.¹⁰ SANE-ready means that the hospital has a SANE available 24/7. Kentucky has continued to see an increase in SANE-ready hospitals. However, it is worth noting here that SART AC members have had multiple discussions regarding the accuracy and the practical usability of the SANE-ready hospital list. There are medical facilities that provide access to 24/7 SANE services but are not emergency facilities, for example. Therefore, they are not included in the list of SANE-ready hospitals. We have also seen a small number of SANE-ready hospitals that do not employ more than one (1) SANE, making true access to 24/7 SANE services unlikely. Working to improve the accuracy and usability of the SANE-ready hospitals list is a goal of the SART AC and an ad hoc subcommittee was established in 2023. SART AC members are working in collaboration to obtain and review statewide data from KY hospitals regarding SANE readiness.

We continue to see the highest number of SANE-ready hospitals since the passage of the SAFE Act, and we appreciate the dedication of these hospitals to ensure victims and survivors are provided with the most comprehensive care after experiencing sexual violence.

The chart below (continuing onto the next page) is obtained from, and maintained by, the Cabinet for Health and Family Services:

Baptist Health Louisville	4000 Kresge Way	Louisville	Jefferson	502-897-8100
Fleming County Hospital	55 Foundation Drive	Flemingsburg	Fleming	606-849-2351
Hardin Memorial Hospital	913 North Dixie Avenue	Elizabethtown	Hardin	270-737-1212
Meadowview Regional Medical Center	989 Medical Park Drive	Maysville	Mason	606-759-5616

Note: If at any time a hospital loses the ability to maintain 24/7 coverage, this status is lost.

Rape Crisis Center Response

In 2022, Rape Crisis Centers (RCCs) saw an increase in requests for emergency medical advocacy compared to 2021. Kentucky’s 13 RCCs statewide reported providing medical advocacy services on 2,162 occasions, with 1,051 of those advocacy services provided to victims and survivors receiving a medical exam, an increase from 852 in 2021.¹¹ We also continue to see an increase in SAFE services provided to victims and survivors in rural communities where emergency facilities provide less SANE coverage or receive a small amount of SAFE exam requests per year and are therefore less experienced at providing victim-focused services. When a SANE is present, a victim is more likely to receive information regarding consent to the exam, privacy, and STIs and pregnancy prevention. RCCs also report that in hospital facilities that do not employ SANEs, advocates are less likely to be called to accompany a victim during an exam, so it is difficult to gauge the information passed on and the care that the victims receive. There remains a major knowledge gap in what the law requires in care and response to sexual assault victims seeking care in hospitals. For example, Kentucky law requires all hospitals that offer emergency services to provide a free sexual assault forensic exam kit to all victims; contact a local rape crisis center to provide advocacy; contact law enforcement to collect reported kits when a victim consents;

¹¹ Rape Crisis Center Programs Master Data FY2022 and FY 2021

and preserve all kits not reported to law enforcement for one year in compliance with state law.¹² To address these gaps, there is continuous training by RCCs and KASAP with hospitals and encouragement to employ SANEs but this is not enough. Kentucky hospitals must prioritize treating sexual assault and abuse as the public health crisis that it is.

Conclusion

In thinking about the goals for Kentucky in preventing and responding to sexual assault, it is important to evaluate what works. One of the goals of the SART AC continues to be working to ensure comprehensive care and services to victims and survivors throughout collection of forensic evidence, investigation, and prosecution. The SAFE Act of 2016 has worked to increase the number of law enforcement trained to respond to and investigate sexual assault, increase the number of credentialed SANEs and SANE-Ready hospitals, decrease the window of time to test forensic evidence, create a SAFE kit tracking portal, pave the way for funding additional sexual assault investigators dedicated to solving these types of crimes, and more. Now concluding our sixth year into enactment, while at the same time working to improve facets of the SAFE Act, we recognize and acknowledge trends that continue: 1) most people who are sexually assaulted or abused do not report to law enforcement for a myriad of reasons, 2) prosecution and conviction rates are very low, and 3) for many victim-survivors, healing and justice does not come from the judicial system. The SART AC must work towards improving the systems we collaborate across to address all forms of oppression at the root of sexual violence.

As Kentucky's movement to end sexual violence evolves, we must strive to center *all* survivors and their unique needs. We must ask ourselves how we can reach survivors without expecting them to come through our doors when we are aware of the difficulties that exist when navigating systems of response. KASAP staff and RCCs continue to work with the Access Healing Advisory Council, made up of Kentuckians in the BIPOC, LGBTQ+, and substance use communities who have been affected by sexual violence. Members of the Access Healing Project Advisory Council will continue sharing their ideas and experiences to guide KASAP, its Board of Directors, and member centers, which will provide insight for the SART AC and its members to become more welcoming to and representative of all people in Kentucky.

KASAP led a panel discussion in 2023 for advocates and statewide partners regarding the legal response to sexual violence and the balance of both the promise and peril the legal system often provides to survivors of sexual violence. The most effective tool to improve these systems is to lessen our dependence upon them through primary prevention practices. We must acknowledge the service and support gaps that exist between those who are harmed by sexual violence and those wanting to obtain resolve through the traditional legal system. We cannot end sexual violence unless we are also working to end all forms of oppression.

SEXUAL ASSAULT CHARGES DISPOSED CALENDAR YEAR 2022 STATEWIDE

March 20, 2022

By

Lyn Guarnieri (*Research and Statistics Team Lead*)
Tammy Manley (*Data Analysis Specialist*)
Christopher Garrison (*Data Analysis Specialist*)

Requestor:

Serenda LoBue

On Behalf of:

Sexual Assault Response Team Advisory Committee

Organization:

Kentucky Association of Sexual Assault Programs

Due Date:

May 1, 2023

Statistics Request Overall Description

Pursuant to KRS 27A.305, the Administrative Office of the Courts is providing the Sexual Assault Response Team Advisory Committee a count of sexual assault charges disposed in cases calendar year (CY) 2022 statewide. The UOR codes for the requested charges are provided on the attached supplemental list.

CourtNet, which provides a summary of cases statewide, was queried for the specified sexual assault charges disposed January 1, 2021 through December 31, 2022.

Statistical Tables (21_RSX4000 & 21_RS4002)

Report 21_RSX4000 provides a list of the UOR codes queried for this report.

Report 21_RS4002 presents the number of specified sexual assault charges disposed during CY 2022 statewide. Tables are grouped by the court jurisdiction.

Page 1: Charges disposed statewide by jurisdiction: Circuit, District, and Juvenile

Pages 2-71: Charges disposed in Circuit Court by county and UOR code and description

Pages 72-118: Charges disposed in District Court by county and UOR code and description

Pages 119-138: Charges disposed in Juvenile court by county an UOR code and description

Pages 139-144: Charges disposed in Circuit Court statewide by UOR code and description

Pages 145-149: Charges disposed in District Court statewide by UOR code and description

SEXUAL ASSAULT CHARGES DISPOSED CALENDAR YEAR 2022 STATEWIDE

Statistical Tables (21_RSX4000 & 21_RS4002)

Pages 150-151: Charges disposed in Juvenile court statewide by UOR code and description

Statistical Analysis Considerations:

- These statistics represent a snapshot in time as of the date the data was queried: 3/20/2023.
- A case may consist of one or multiple charges. The report's count of cases represents a distinct count of case numbers, regardless of the number of charges associated with the case.
- Counts of cases do not necessarily represent counts of unique individuals.
- Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court. Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.
- Charges consist of all original and amended charges within a case.
- Charges include ASCF Codes: 1 - Attempt, 2 - Solicitation, 3 - Conspiracy, 4 - Facilitation, 5 - Complicity, 6 - Enhancement.

Data Variables Requested

Database	Data Variable	Description
CourtNet	Court Jurisdiction	The jurisdiction of the case for which each charge was disposed: <ul style="list-style-type: none"> • Circuit Court • District Court • Juvenile Court
	CY	The calendar year in which the charge was disposed.
	County	The county in which a charge was disposed.
	UOR Code and Description	A code and description which identifies the specific offense charge brought against the defendant.
	Disposition Type	The manner which each charge was disposed. Disposition types include: <p>Acquitted</p> <ul style="list-style-type: none"> • ACQ – Acquitted • NG – Not Guilty <p>Amended</p> <ul style="list-style-type: none"> • ACC – Amended Down by Circuit Court • AD – Amended Down • AGJ – Amended Down by Grand Jury • AMEND – Amended • AU – Amended Up • AUGJ – Amended Up by Grand Jury <p>Convicted</p> <ul style="list-style-type: none"> • G – Guilty • GM – Guilty-Multiple counts • GSS – Guilty-Sealed Sentence • PRPD – Prepaid

RESEARCH AND STATISTICS DISCLAIMER

Information received from KYCourts/CourtNet is subject to change(s), reprogramming, modification(s) of format and availability at the direction of the Administrative Office of the Courts (AOC), and may not at any particular moment reflect the true status of court cases due to ordinary limitation(s), delay(s) or error(s) in the system's operation. The KYCourts/CourtNet database is not a real-time system. All datasets are a snapshot of case data at the time a query is run. Case counts are not counts of individuals as some persons may have multiple cases.

SEXUAL ASSAULT CHARGES DISPOSED CALENDAR YEAR 2022 STATEWIDE

Disclaimer Associated with KCOJ/AOC Database(s) and Element(s)

The AOC disclaims any warranties as to the validity of the information obtained from KYCourts/CourtNet. The recipient is solely responsible for verifying information received from KYCourts/CourtNet through the cross-referencing of official court records. The AOC shall not be liable to the recipient, or to any third party using the system or information obtained therefrom, for any damages whatsoever arising out of the use of KYCourts/CourtNet.

RESEARCH AND STATISTICS UOR CODE DISCLAIMER

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at www.kentuckystatepolice.org.

The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at courts.ky.gov/aoc/statisticalreports. The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or "ASCF" codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A "0" as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the "0" will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of "*obs" within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.

* Data provided by the CourtNet database.

* A case may consist of one or multiple charges. Counts of cases do not necessarily represent counts of unique individuals.

* Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court.

Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.

* Data provided by the CourtNet database.

* A case may consist of one or multiple charges. Counts of cases do not necessarily represent counts of unique individuals.

* Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court.

Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.

* Data provided by the CourtNet database.

* A case may consist of one or multiple charges. Counts of cases do not necessarily represent counts of unique individuals.

* Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court.

Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.

* Data provided by the CourtNet database.

* A case may consist of one or multiple charges. Counts of cases do not necessarily represent counts of unique individuals.

* Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court.

Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.

0111650 RAPE, 3RD DEGREE	Charges			3					3		

* Data provided by the CourtNet database.

* A case may consist of one or multiple charges. Counts of cases do not necessarily represent counts of unique individuals.

* Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court.

Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.

* Data provided by the CourtNet database.

* A case may consist of one or multiple charges. Counts of cases do not necessarily represent counts of unique individuals.

* Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court. Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.

* Data provided by the CourtNet database.

* A case may consist of one or multiple charges. Counts of cases do not necessarily represent counts of unique individuals.

* Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court. Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.
