If you or someone you know have been a victim of any type of sexual violence at any point, you can reach one of Kentucky's 13 rape crisis centers by calling their 24/7 anonymous crisis line. To find which center serves your area look at the KASAP map located on page 30 or call RAINN's National Sexual Assault Hotline at 1-800-656-4673.

Purpose

The annual Sexual Assault Forensic Evidence (SAFE) Act report fulfills the requirement set forth by KRS 403.707, which requires the Kentucky statewide Sexual Assault Response Team Advisory Committee (SART AC) to report to General Assembly and Secretary of Justice and Public Safety Cabinet the number of sexual assaults reported, number of kits submitted and tested, and the number of charges and convictions obtained in sexual assault cases.

The required data is collected and submitted to the SART AC on an annual basis by the Kentucky State Police (KSP) and the Kentucky Administrative Office of the Courts (AOC) for the calendar year of 2025. Per KRS 16.132 (1) it is the duty of KSP “to collect statistical data regarding persons charged” and per KRS 16.132 (2) “to provide data results to SART Advisory Committee by May 1st of each calendar year”. Per KRS 27A.305 (1) the AOC is responsible for “the collection of statistical data regarding prosecution, dismissal, conviction, or acquittal of sexual offense” and per KRS 27A.305 (2) “to provide results of data to the SART AC”.

More about Kentucky’s statewide SART AC can be found on page 8.

Currently, there is no other statewide report regarding instances of sexual assault or sexual assault response. For this reason, the SART AC finds importance in providing a more comprehensive view of sexual assault response and analyzing statewide trends. In this report, the SART AC has included information regarding hospital response, rape crisis center response, policy updates, SAKI research, and violence prevention.

2025 Overview

In the calendar year 2025:

- Kentucky’s thirteen RCCs provided advocacy accompaniment and support during **1,232** SAFE exams.
- Kentucky’s thirteen RCCs provided **1,019** instances of other medical advocacy services beyond medical accompaniment.
- Kentucky’s thirteen RCCs provided legal advocacy and accompaniment during **1,073** court cases.
- Kentucky’s thirteen RCCs provided **3,370** instances of other legal advocacy services beyond court accompaniment.
- Kentucky’s thirteen RCCs answered **3,643** crisis calls.

- Kentucky's thirteen RCCs provided **5,802** crisis intervention and counseling sessions and **19,303** therapy sessions.
- Kentucky's thirteen RCCs provided **1,356** primary prevention services, reaching **43,851** participants.
- Kentucky's thirteen RCCs provided **3,685** educational, awareness, and professional training programs, reaching **72,141** participants.
- Kentucky has **6** SANE training programs, **5** provide training for the SANE-Adolescent/Adult credential and **2** provide training for the SANE-Pediatric/Adolescent credential. **1** training is offered virtually.
- Kentucky has **501** credentialed SANE-A/A and **82** credentialed SANE-P/A.
- Kentucky has **25** SANE-ready hospitals across the state. **6** in Louisville, **2** in Lexington, **4** in the Northern Kentucky area, **1** in Bowling Green, and **1** in Owensboro.
- Kentucky has SANE-ready hospitals in **19** counties.
- Representative Rebecca Raymer sponsored **HB 219** and **HCR 20**.
- Senator Julie Raque Adams sponsored **SB 73**.
- Senator Lindsey Tichenor sponsored **SB 181**.
- The Kentucky State Police Forensic Laboratory System received a total
- of **661** SAFE kits
- The Kentucky State Police Forensic Laboratory System completed analysis on **877** SAFE kits.
- The average turnaround time was **434** days from the date of submission to the date the final report was released.
- **1,020** SAFE kits were entered into the kit tracking system by medical centers.
- **863** SAFE kits were reported to law enforcement cases.
- **157** SAFE kits were not reported to law enforcement.
- Kit Tracking Accounts have been set up for **86** hospitals across Kentucky. **58** of these hospitals entered at least one kit into the system.
- **2,266** citations were given across Kentucky for sex crimes.
- **3,180** number of sex crimes were reported across Kentucky*.
- **535** convictions of sex crimes in Circuit and District Court.
- **596** dismissals of sex crimes in Circuit and District Court.
- **26** acquittals of sex crimes in Circuit and District Court.

*At the time of this report the data on number of crimes does not accurately reflect the statewide crime totals. Because of differences in reporting systems, KSP and the SART AC have not had access to the number of crimes in three jurisdictions.

Sexual Assault Response in Kentucky

Sexual violence continues to be a significant public health concern in Kentucky. According to the U.S. Centers for Disease Control and Prevention's 2023/2024 National Intimate Partner and Sexual Violence Survey, 45% of Kentucky women have experienced contact sexual violence in their lifetime. While rates of contact sexual violence experienced by Kentucky men was not specifically reported in the study, the study reported that nationwide 16.9% of men reported experiencing contact sexual violence in their lifetime. Organizations across the Commonwealth are working to address those impacted by sexual violence in the state through crisis intervention, advocacy, prevention education programs, and the provision of trauma-informed medical care.

Many sexual assault survivors seek help from medical providers. Medical providers are tasked with providing trauma-informed patient-centered care to all survivors of any form of sexual assault. Not only does a medical evaluation after sexual assault include the collection of forensic evidence or a sexual assault forensic evidence (SAFE) exam, but it also serves to identify injury, identify infections, provide prophylaxis against sexually transmitted infections (when indicated), HIV and pregnancy that could result from the sexual assault, and address the survivor's immediate mental health needs. Kentucky Coalition of Sexual Assault Programs (KASAP) has seen the highest number of medical advocacy services provided by Kentucky RCCs in Fiscal Year 2025 since Fiscal Year 2018. While it is hard to know if there is an increase in incidents of assault, we can see that survivors have continuously recognized that emergency medical care is available to them.

One of the first agencies a survivor may come in contact with is an advocate from the local RCC. 502 KAR 12:010(2) states the examination facility responding to a request for a medical exam must contact the RCC to inform the on call advocate that a victim has arrived for an examination prior to conducting the forensic-medical exam. This means that all survivors going to a hospital for a SAFE exam should meet with an advocate to receive trauma-informed education and support at the beginning of an exam. There are 13 RCCs across Kentucky and all respond to local hospitals when a survivor of sexual violence requests an exam. RCCs provide vital healing and support services for survivors of sexual violence because they offer a wide range of services to help a survivor heal. These include not only medical accompaniment but also legal accompaniment and advocacy, crisis counseling, and trauma-focused therapy.

When a survivor engages with one of the systems within a community that is involved in responding to sexual violence, it is crucial that all community partners that interact with sexual assault survivors collaborate with each other.

Sexual Assault Response Teams (SART) play a vital role in coordinating a community's response to sexual assault. They bring together professionals from various disciplines, including law enforcement, healthcare, advocacy, legal services, and victim services, in order to create a unified, survivor-centered approach to the management of sexual assault cases. Communities with strong SARTs can help ensure that survivors receive appropriate care and supportive services, which empowers survivors and promotes healing as well as improves investigations and judicial outcomes.

Any community can come together and start a SART. Communities interested in forming a SART can access KASAP's SART Toolkit and SART Workbook at kasap.org/publications or contact KASAP's Advocacy Specialist at advocate@kasap.org.

Sexual Assault Response Team Advisory Committee

In addition to community SARTs, Kentucky also has a statewide Advisory Committee with members from various statewide agencies working to improve sexual assault response. The Sexual Assault Response Team Advisory Committee (SART AC), created by KRS 403.707, is responsible for producing protocols and policies, providing support and resources, and reporting outcomes as they relate to professionals providing services to survivors of sexual violence. The SART AC is co-chaired by the Executive Director of the Kentucky Association of Sexual Assault Programs or their designee and the Kentucky State Police Commissioner or their designee. The following agencies or representatives are required to be participating members of the SART AC:

- KY Board of Nursing
- KY Nurses Association
- KY Hospital Association
- KY Association of Children's Advocacy Centers
- KY State Police Crime Lab
- Community Based Services
- Office of Victims Advocacy in the Office of the Attorney General
- A Sexual Assault Nurse Examiner
- A representative of a sexual assault response team

- A physician
- A Commonwealth's attorney or an assistant Commonwealth's attorney.

One of the duties of the SART AC is to collect data related to sexual assault cases annually. This data collection assists in highlighting trends and exposing gaps in services, tracking the effectiveness of response protocols, identifying areas of need for training or resources, and advocating for policy and legislative changes. Data collection required for the SAFE Act Report has continued to provide evidence of the need for increased funding for forensic testing, survivor-centered training for law enforcement, and the establishment of policies that work to promote system transparency, such as the utilization of the KSP SAFE kit tracking portal. Additionally, when compared with prior years' SAFE Act Reports, Kentucky continues to see an increase in the number of victims and survivors of sexual assault seeking emergency medical services and advocacy, as well as an increase in the number of victims and survivors choosing to report to law enforcement. This may not necessarily mean that more instances of sexual assaults are happening in Kentucky, but that an increase in trust for Kentucky's response to sexual assaults has occurred. Because of the increase in SAFE exams being completed, the Kentucky State Police Forensic Laboratory continues to experience annual increases in the number of SAFE kits submitted for forensic testing as well.

Despite the ongoing challenges, Kentucky has made notable strides in both addressing the backlog of forensic evidence and providing comprehensive support to survivors. Advocacy organizations, combined with legal reforms and prevention programs, represent a multifaceted approach to combating sexual violence and improving state-wide response. However, the high rates of underreporting and the complex intersections of sexual violence and other forms of interpersonal violence, as well as systems of oppression, demonstrate that there is still much work to be done. While the SART AC understands and respects that not all victims and survivors will choose emergency medical SAFE services or to report to law enforcement, as long as one survivor chooses to engage with these systems, we must maintain our goal of working towards improvement.

Rape Crisis Centers and Emergency Medical Advocacy

The Kentucky Association of Sexual Assault Programs is the statewide Coalition of the Commonwealth's thirteen regional rape crisis centers. One of the core services provided by the RCCs is emergency medical accompaniment for survivors seeking sexual assault services. RCC advocates respond to these requests 24 hours a day, 365 days a year. All survivors seeking emergency medical services are afforded the right to have an advocate from a RCC present pursuant to 502 KAR 12:010(3)(4). These advocates play a vital role

in supporting survivors while they are navigating the healthcare system during a traumatic moment in their lives.

Additionally, RCC advocates are community-based rather than systems-based. This is an important differentiation because community-based advocates support survivors regardless of whether they report the sexual assault to the criminal-legal system. RCC advocates may also provide referrals and wraparound resources, clothing, information regarding victims' rights, such as Crime Victim Compensation, and information for additional support services.

Unfortunately, some survivors may not be aware they can receive the support from an advocate when seeking emergency medical care and obtaining forensic-medical examinations. This lack of awareness is one of the reasons why it is important for emergency departments to prioritize and engage in collaborative relationships with the RCC in their region. In 2025, Kentucky's thirteen RCCs statewide reported provision of advocacy support services during 1,232 sexual assault forensic evidence (SAFE) examinations, an increase from 925 the previous year. Kentucky's RCCs also began documenting other medical advocacy in 2025. This advocacy consists of advocacy outside of the accompaniment for SAFE exams like contacting medical providers on a survivor's behalf and assisting with tracking SAFE kits. The RCCs report 1,019 other medical advocacy services beyond medical accompaniment, showing that many survivors are receiving services throughout the entire medical process and that there is a need for these types of support.

For many years, the SART AC has recognized a knowledge gap regarding legal requirements for responding to sexual assault survivors seeking emergency medical care in many emergency departments, especially in smaller, rural hospitals. For example, Kentucky law requires that all hospitals offering emergency services must:

- Provide a free sexual assault forensic exam kit to all victims
 - KRS 216B.400 (9-10)
- Contact a local RCC to provide advocacy before the start of an exam
 - 502 KAR 12:010 (2)
- Preserve all kits not reported to law enforcement for one year
 - KRS 216B.400(11)(c)(3)
- Contact law enforcement to collect reported kits when a victim consents
 - KRS 216B.400(11)

However, RCC advocates often encounter hospital personnel and medical providers who may not be aware of the services they are legally mandated to provide. To address these gaps, RCC and KASAP staff have provided, and will continue to provide, targeted training for hospital personnel. In addition, RCCs have numerous resources available for hospital administration to provide to current staff as a skills refresher, new staff during their onboarding process, and out-of-state physicians and travel nurses that might not be familiar with the specifics of Kentucky's laws regarding sexual assault response. The SART AC's goal has been to see every Kentucky hospital prioritize treating sexual assault and abuse as the public health crisis that it is. With the passage of House Bill 219 (HB 219) and House Concurrent Resolution 20 (HCR 20) in the 2025 legislative session, Kentucky is closer than ever to achieving this goal.

Ensuring a survivor has ongoing contact with their local RCC is crucial for ongoing healing. Beyond medical accompaniment and advocacy, RCCs have many other services. These include but are not limited to:

- 24/7 crisis line
- Legal advocacy
- Crisis counseling
- Therapy
- Community outreach
- Prevention Education
- Professional training

Over the course of 2025, Kentucky's RCCs report 1,073 legal accompaniment services, 3,370 legal advocacy services, 3,643 crisis calls answered, 5,802 sessions of crisis intervention and counseling, 19,303 therapy sessions, and 1,356 primary prevention services, reaching 43,851 participants. Additionally, RCCs provided 3,685 educational, awareness, and professional training programs, reaching 72,141 participants.

Looking at the numbers of how many survivors utilize RCCs to navigate their healing, it is clear that RCCs are an incredibly important part of the multidisciplinary response to sexual assault. Not only are RCCs responding after violence occurs, they are also ensuring that prevention services in their region are working to stop violence before it happens. More on Kentucky's prevention efforts can be found on page 18.

Sexual Assault Nurse Examiners and SANE-Ready Hospitals

Sexual Assault Nurse Examiners in Kentucky

When victims and survivors choose to seek emergency medical care following a sexual assault, they are utilizing one of the rights afforded to them by law. In Kentucky, all emergency departments are required to provide SAFE exams to anyone of any age on a twenty-four-hour basis pursuant to KRS 216B.400(2). Also pursuant to KRS 216B.400(2), emergency physicians, Physician Assistants, and Advance Practice Registered Nurses whose scope of practice includes pelvic exams are identified as healthcare professionals capable of completing medical-forensic examinations in a hospital setting. However, responding to cases of sexual violence and the collection of forensic evidence is a focused skill that is best developed through additional training, credentialing, and continuing education.

A Sexual Assault Nurse Examiner (SANE) is a registered nurse who receives specialized training (didactic and clinical) that allows them to perform sexual assault medical-forensic examinations. The SANE collects and preserves evidence, as well as testifies in legal proceedings in accordance with Kentucky law. According to the International Association of Forensic Nursing, "A comprehensive medical-forensic exam includes the evaluation and treatment of injuries, obtaining the medical-forensic history, conducting the physical assessment, providing support and crisis intervention, providing prophylaxis against sexually transmitted infections, assessing pregnancy risk and offering treatment options, and providing follow-up referrals for medical and emotional needs." SANE nurses work in collaboration with community-based rape crisis center advocates, the investigative team, prosecutors, the multidisciplinary healthcare team, and advocacy centers to ensure that sexual assault survivors receive adequate trauma-informed care after a sexual assault. The "collaboration across disciplines enhances the quality of health care, improves the quality of forensic evidence, increases law enforcement's ability to collect information, file charges, and refer an investigation to prosecution, and increases prosecution rates" (U.S. Department of Justice, 2017, as cited in Kentucky Medical Protocol for Child Sexual Assault/Abuse Evaluation, 2021).

In Kentucky, a nurse aspiring to become SANE credentialed may pursue one or both tracks as a SANE Adult/Adolescent (A/A) or a SANE Pediatric/Adolescent (P/A). Each track requires both a didactic and clinical component from an approved training program. The SANE - A/A is trained in the forensic examination of adults and adolescents, defined as "a child who has reached the onset of physiological normal puberty" or older who have been victims of sexual assault (Kentucky Board of Nursing, 2022). The SANE - P/A is

trained in the forensic examination of pediatrics and adolescents, defined as “a child who has not reached the onset of physiological normal puberty” or an individual up to age 18 who have been the victim of sexual assault (Kentucky Board of Nursing, 2022).

As of June 1, 2026, the Kentucky Board of Nursing reports that Kentucky has 501 credentialed SANE-A/A, increasingly steadily from 468 in 2025 and 439 in 2024. The report shows that the state has 82 credentialed SANE-P/A compared with 61 in 2025 and 40 in 2024.

An increase in the number of credentialed SANEs in the state does not necessarily equate with an increase in the number of exams completed by SANEs. A survey completed in 2022 by the Kentucky Hospital Association showed that less than half of SANEs completed a medical-forensic examination within the last year. Improving statewide access to SANEs means coverage needs to be available in the emergency departments when needed. SANE leaders across the state understand these barriers better than anyone. Through their collaboration, our state has a strong training infrastructure to ensure nurses interested in obtaining their SANE credential can do so more often and closer to their home and work. Kentucky continues to see growth in the number of SANE training programs, which has also increased the regularity with which trainings are offered across the state. In the beginning of 2021, for example, there were 2 SANE training programs approved by the Kentucky Board of Nursing. As of the beginning of 2026, there are 6. Of the 6 SANE training programs, 5 provide training for the SANE-Adolescent/Adult credential, and 2 provide training for the SANE-Pediatric/Adolescent credential. One Online Nursing Education now offers a virtual training program which can help increase the number of nurses who can access SANE training.

Additional information is available by contacting the SANE training programs listed below.

SANE-Ready Designation

The SAFE Act included a provision to designate hospitals as "SANE-ready" if they were able to provide 24/7 coverage of SANEs to treat "persons seeking treatment as victims of sexual offenses." SANE leaders know that there are a limited number of SANEs available throughout Kentucky. KASAP and numerous members of the SART AC have made it a collaborative priority to strengthen the SANE initiative throughout Kentucky. We have also seen the support for SANE nursing grow across other statewide agencies who have aided in bringing awareness to the barriers around SANE nursing and working to increase the

number of SANEs throughout Kentucky. For the past three years, Kentucky has had an increase in additional statewide opportunities for nurses wanting to obtain SANE training, with the number of independent SANE training programs continuing to grow.

As of May 2026, 25 hospitals were listed as having current SANE-ready designation status, a consistent number from June of 2025. This is an increase from 16 in June 2024. These hospitals have prioritized having a SANE available 24/7. The SART AC continues to see the highest number of SANE-ready hospitals since the passage of the SAFE Act, and we appreciate the dedication of these hospitals to ensure survivors receive the most comprehensive care after experiencing sexual violence. It is important to note that a hospital that is not SANE-ready should not turn away a survivor seeking medical services by referring them to a SANE-ready hospital.

Among the 25 SANE-ready hospitals across the state, many are located in urban areas. 6 of these hospitals are in Louisville, 2 are in Lexington, 4 are in the Northern Kentucky area, 1 is in Bowling Green and 1 is in Owensboro. This leaves 15 SANE-ready hospitals for more rural areas of Kentucky and none west of Owensboro. Out of Kentucky's 120 counties, SANE-ready hospitals are only in 19.

A lack of a SANE-ready hospital nearby continues to be a barrier for many survivors in rural areas who lack access to transportation or are not able to logistically find the time to access a SAFE exam. For instance, there are no hospitals in Ballard County, Carlisle County, Hickman County, or Fulton County which are found in the southwestern tip of Kentucky. If a survivor were able to secure transportation, they would then have to drive to Paducah to find the nearest SANE-ready hospital, which could take over an hour and a half for those in the furthest areas. Instead, advocates are seeing that survivors are driving to hospitals in other states who may not prioritize response to sexual violence. According to Tennessee's Coalition to End Domestic Violence and Sexual Violence's SAFE Providers Directory, there is only one hospital with access to a SANE in Western Tennessee, which is in Jackson, TN. Again, this would require driving over an hour and a half. When survivors travel to other states to access hospitals, they may not have access to a SANE, be able to complete a SAFE exam, or connect with an RCC advocate. Not only does this impact the survivor directly, but it creates barriers to holding perpetrators of sexual violence accountable in the criminal justice system. Hospitals in other states will not respond to a subpoena from Kentucky, so Kentucky attorneys are having to rely on partnership with out-of-state prosecutors.

Given the challenges survivors and investigators face when receiving services at hospitals that are not SANE-ready, SARTs across the state are prioritizing, and must continue to prioritize training for all hospitals to treat survivors of sexual assault with the same care they would receive at a SANE-ready hospital.

The Cabinet for Health and Family Services maintains the list below.

Policy Updates

In 2025, Representative Rebecca Raymer sponsored HB 219 and House Concurrent Resolution 20 (HCR 20) to address training gaps in sexual assault response in Kentucky's emergency departments. The SART AC championed this legislation because HB 219 mandates sexual assault response training for all emergency department personnel. The Policy Subcommittee of the SART AC has helped develop the curriculum required for HB 219 and is scheduled to launch in June 2026. In addition, the subcommittee will continue working closely with the Kentucky Hospital Association to ensure hospital personnel are well supported during the implementation of the curriculum.

Additionally, HCR 20 directed the Legislative Research Commission to study access to SANEs and SANE services. This is Kentucky's first comprehensive statewide study of its kind. From this study House Bill 134 (HB 134) was passed which requires the Cabinet for Health and Family Services to employ a health professional as a statewide SANE coordinator. This position offers a unique opportunity to help shape and strengthen Kentucky's statewide response to sexual assault by expanding access to high-quality, trauma-informed forensic nursing services across all regions of the Commonwealth. The Statewide SANE Coordinator will lead development and implementation of a statewide SANE program utilizing a regional model to support Kentucky hospitals, increase SANE workforce capacity, enhance collaboration among healthcare and advocacy partners, and improve access to care for survivors of sexual assault.

Other important wins in 2025 include Senate Bill 73 (SB 73) sponsored by Senator Julie Raque Adams to criminalize sextortion and introduce school-based awareness to protect youth and Senate Bill 181 (SB 181) sponsored by Senator Lindsey Tichenor to help expand schools' abilities to provide age-appropriate child sex abuse prevention education. SB 73 and SB 181 are important developments in sexual violence work as they center prevention. With these two pieces of legislation, Kentucky is focusing on preventing sexual violence from occurring rather than focusing primarily on responding after violence occurs.

Prevention Efforts

KASAP has worked alongside RCCs to prioritize implementing sexual violence prevention programming in Kentucky. These programs are evidence-based and facilitated by prevention educators who go through rigorous training. Prevention educators work in communities, high schools, and middle schools to ensure that everyone has access to information to create a violence-free culture.

Green Dot is an evidence-based primary prevention program that teaches participants safe ways to intervene in various situations like bullying, dating/domestic violence, sexual harassment/assault, and child abuse. The program includes two components: the Overview Speech and the Bystander Training. The Overview Speech is a 45-minute high-level training delivered to all students in a high school or all members in a community. The Bystander Training is a 5-hour intensive training with identified leaders in a high school or a community.

As of 2025, over 75 schools and communities throughout Kentucky have prevention programs. Research from the University of Kentucky showed a 21% reduction in perpetration of sexual violence and a 30% reduction in perpetration of dating violence in high schools after implementation of the Green Dot trainings.

It's My Space is a Kentucky-specific adaptation of an evidence-based middle school primary prevention program that teaches students about personal boundaries. The program includes four classroom sessions where students participate in engaging activities and discussion to deepen their understanding of personal boundaries. Research on the program showed a 26% reduction in sexual harassment, a 50% reduction for physical and sexual dating violence, and a 32% reduction in peer sexual violence.

Kentucky Sexual Assault Kit Initiative

Since 2017, Kentucky has received funding from the U.S. Department of Justice (DOJ)'s Bureau of Justice Assistance (BJA) – through the Sexual Assault Kit Initiative (SAKI) to test previously unsubmitted SAFE kits, establish a cold case unit, investigate and prosecute cases, provide training and technical assistance to local jurisdictions, and re-engage survivors. Through the cold case units and projects established under the SAKI, Kentucky has seen several indictments connected to the backlog of previously unsubmitted kits. The Kentucky Office of the Attorney General SAKI project provides training, technical assistance, and funding for advanced forensic testing to law enforcement agencies working on sexually motivated cold cases. Additionally, the Kentucky State Police has a SAKI Cold Case Unit dedicated to handling and assisting with cases around the state.

In addition to providing training and access to important criminal legal data, the Office of the Attorney General Sexual Assault Kit Initiative, in partnership with the University of Louisville and Indiana University Southwest, has produced valuable research in the field. In May 2025, David Lapsey, Katelyn McMahon, and Bradley Campbell published a study, *Police Officers' Familiarity with Resources Available for Sexual Assault Survivors*, with data collected from law enforcement officers that received sexual assault investigations training. Below is the project overview.

"In 2017, the Kentucky Office of the Attorney General's (KY OAG) Office of Victims Advocacy received federal funding from the Bureau of Justice Assistance's Sexual Assault Kit Initiative for the Kentucky SAFE Kit Backlog Research Project to examine the problem of unsubmitted sexual assault forensic examination (SAFE) kits that were collected but never submitted to a crime lab for analysis. This project was extended in 2019 through the KY OAG's Sexual Assault Kit Initiative (KySAKI) Grant. The SAFE Kit Backlog Research Project seeks to provide a holistic research approach to examine this problem by providing data-driven insights into the response

to these problems in Kentucky. The research team is collecting data to understand the factors that contributed to the number of unsubmitted SAFE kits, the characteristics associated with SAFE kits, kit submission rates throughout the Commonwealth, as well as testing results and case outcomes. Additionally, the project is evaluating the impact of efforts by the SART AC, as well as the impact of Kentucky's SAFE Act – passed in 2016 through Senate Bill 63 – on responses to sexual assault in Kentucky.

The SAFE Kit Backlog Research Working Group is comprised of members from the following groups:

- Kentucky Office of the Attorney General's Office of Victims Advocacy
- Kentucky Office of the Attorney General's Department of Criminal Investigations
- Kentucky State Police Crime Laboratory
- Kentucky State Police
- Kentucky Department of Criminal Justice Training
- Kentucky Association of Sexual Assault Programs
- Kentucky Sexual Assault Response Team Advisory Committee
- State, Local, and County Law Enforcement Agencies
- University of Louisville – Department of Criminal Justice
- University of Louisville – Southern Police Institute

The research team has been working with these organizations collaboratively to collect data that will contribute to an understanding of the statewide response to sexual assaults. These organizations have implemented several reforms to address the volume of unsubmitted SAFE kits and to improve the response to sexual assaults in Kentucky. The research portion of this project employs an action research approach, which allows the research to inform responses. This is one of several reports that will evaluate Kentucky's response to sexual assault. The research reported here examines Kentucky officers' familiarity with victim resources."

2025 SAFE ACT REPORTS

KRS 17.175 requires the Kentucky State Police to provide a report to the Legislative Research Commission on the yearly average completion rate of sexual assault evidence collection kits submitted to the forensic laboratory for testing. KRS 403.707 requires reporting of statistical data regarding reporting and investigation of any person charged with committing, attempting to commit, or complicity to a sexual offense and on the number of sexual assault evidence kits which are submitted to law enforcement agencies, the number of kits submitted to the Kentucky State Police Forensic Laboratory System, and the number of kits tested. Following is the report for the 2025 calendar year.

In 2025, the Kentucky State Police Forensic Laboratory System received a total of 661 sexual assault forensic evidence (SAFE) kits, a decrease of 7% from the previous year, and completed analysis on 877 SAFE kits, an increase of 4% from the previous year.

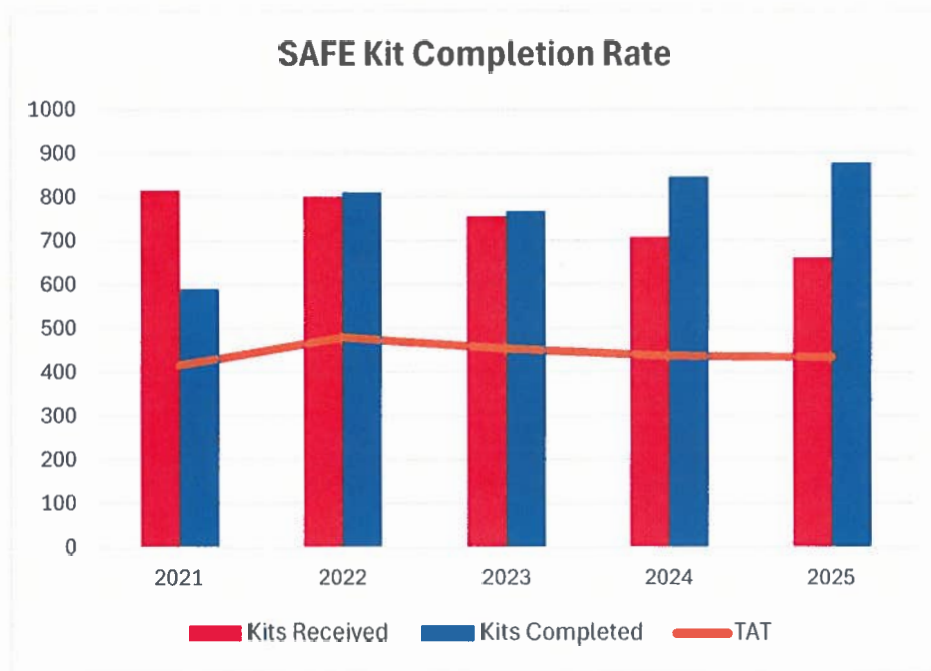

The average turnaround in 2025 for the entire year was 434 days from date of submission to the date the final report was released. This represents a nearly 10% reduction in turnaround time from 2022, while also processing a larger number of kits each year.

Of the 661 SAFE kits received in 2025, 37 had offense dates ranging from 2003 through 2023.

Number of SAFE kits entered into the kit tracking system by medical centers in 2025: 1,020

- a. 863 (85%) were reported to law enforcement cases, up from 82% in 2024.
- b. 157 (15%) were non-reported to law enforcement,¹ down from 18% in 2024.
- c. Kit Tracking Accounts have been set up for 86 hospitals. Of the 86 hospitals, 58 entered at least one kit into the system in 2025. This is an increase from 47 in 2024.

¹ Except where mandatory abuse and neglect reporting laws apply, victims have the right to choose whether law enforcement is notified when a SAFE kit is collected (KRS 216B.400(10)(a)).

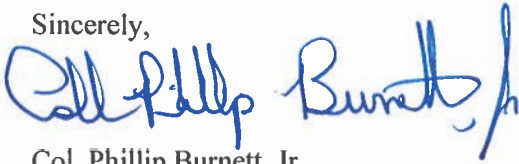

Statewide Statistical Data on Sexual Offenses Reported and Investigated by Law Enforcement

Sexual offenses are defined in KRS 510.040 (Rape 1st degree), 510.050 (Rape 2nd degree), 510.060 (Rape 3rd degree), 510.070 (Sodomy 1st degree), 510.080 (Sodomy 2nd degree), 510.090 (Sodomy 3rd degree), 510.110 (Sexual Abuse 1st degree), 510.120 (Sexual Abuse 2nd degree), 510.130 (Sexual Abuse 3rd degree), 510.140 (Sexual Misconduct), 530.020 (Incest), 530.064(1)(a) (Unlawful Transaction with a Minor – illegal sexual activity, 1st degree), and 531.310 (Use of a Minor in a Sexual Performance).

2025 SAFE Act Statistics 3/3/26 (SQL & WP)

Law Enforcement Numbers of Reports and Charges

About Law Enforcement Reports

Under KRS 16.132, the SAFE Act requires the Kentucky State Police to collect statewide statistical data on the number of crimes reported and investigated under the following statutes:

- KRS 510.040 (rape 1st degree)
- KRS 510.050 (rape 2nd degree)
- KRS 510.060 (rape 3rd degree)
- KRS 510.070 (sodomy 1st degree)
- KRS 510.080 (sodomy 2nd degree)
- KRS 510.090 (sodomy 3rd degree)
- KRS 510.110 (sexual abuse 1st degree)
- KRS 510.120 (sexual abuse 2nd degree)
- KRS 510.130 (sexual abuse 3rd degree)
- KRS 510.140 (sexual misconduct)
- KRS 530.020 (incest)
- KRS 530.064(1)(a) (unlawful transaction with a minor – illegal sexual activity, 1st degree)
- KRS 531.310 (use of a minor in a sexual performance)
 - KRS 531.310 (a) Class A felony if the minor is less than eighteen (18) years old at the time of the activity
 - KRS 531.310 (b) Class B felony if the minor is less than sixteen (16) years old at the time of the activity
 - KRS 531.310 (c) Class A felony if the minor incurs physical injury

At the time of this report the data on number of crimes does not accurately reflect the statewide crime totals. Because of differences in reporting systems, KSP and the SART AC have not had access to the number of crimes in three jurisdictions: Louisville Metro Police Department, Nelson County Sheriff's Office, and Winchester Police Department.

Data Description

Reporting from KSP & Owensboro PD

KRS Number	# of Citations	Sum of Counts	# of Crimes	Sum of Counts
510.040	428	600	874	1098
510.050	71	88	78	92
510.060	149	297	112	145
Total Rape	648	985	1064	1335
510.070	298	543	407	1170
510.080	48	72	28	232
510.090	91	203	57	95
Total Sodomy	437	818	492	1497
510.110	609	1007	840	1790
510.120	27	31	45	62
510.130	139	149	385	483
Total Sex Abuse	775	1187	1270	2335
531.310(2A)	16	52	12	39
531.310(2B)	45	116	34	44
531.310(2C)	0	0	0	0
Total use of a minor	61	168	46	83
510.140	29	29	119	146
530.020	158	307	78	789
530.064(1)(a)	158	333	111	147
Total	2,266	3,827	3,180	6,332

The above chart shows two different types of data: citation/arrest data and NIBRS Offense data.

A citation is the charging document used when someone is formally charged with an offense. Citation data is sent to KSP either electronically or through paper citations that are mailed to the agency. When agencies mail the paper citations to KSP, KSP will then manually enter the data. If an agency does not send paper citations, KSP will not have those numbers and is not aware of what was not submitted to them. Given these limitations, the citation data is relatively accurate. The number of citations does not equal the number of incidents of survivors. The citation column reflects the number of offenders who have been charged.

The National Incident-Based Reporting System (NIBRS) Offense data shows the number of crimes committed for each statute. The number of crimes often differs from the

number of citations for a multitude of reasons. A single crime could involve multiple offenders, resulting in multiple citations. A crime can be reported without a suspect, resulting in no citations. A person may be charged with several counts, resulting in a single citation and a higher number of crimes.

The sum of counts represents how many times a particular offense was charged on a single report. The sum of counts may be greater than the number of citations or reported crimes because a single incident may involve multiple offenses or multiple victims. The sum of counts reflects a citation or crime with multiple survivors or with the same survivor multiple times.

AOC Summary Court Data- Case Outcomes

About AOC

The Administrative Office of the Courts (AOC) is required by the SAFE Act to submit data to the SART AC regarding the same set of statutes as required to be collected by KSP in the previous section. The data reflects the prosecution, dismissal, conviction, or acquittal of any person charged with committing, attempting to commit, or complicity to commit a sexual offense as defined by these crimes set out in the Kentucky Revised Statutes:

- 510.040 (rape 1st degree)
- 510.050 (rape 2nd degree)
- 510.060 (rape 3rd degree)
- 510.070 (sodomy 1st degree)
- 510.080 (sodomy 2nd degree)
- 510.090 (sodomy 3rd degree)
- 510.110 (sexual abuse 1st degree)
- 510.120 (sexual abuse 2nd degree)
- 510.130 (sexual abuse 3rd degree)
- 510.140 (sexual misconduct)
- 530.020 (incest)
- 530.064(1)(a) (unlawful transaction with a minor – illegal sexual activity, 1st degree)
- 531.310 (use of a minor in a sexual performance)

Data Descriptions

<u>Court</u>		<u>Acquitted</u>	<u>Amended</u>	<u>Convicted</u>	<u>Dismissed</u>	<u>Diverted</u>	<u>FTA/FTV/AP</u>	<u>Indictment</u>	<u>Others</u>	<u>Total</u>
Circuit	Charges	69	960	1,521	1,813	17	64	0	72	4,352
	Cases	24	408	475	418	7	25	0	7	833
District	Charges	2	132	71	536	8	12	1,026	43	1,759
	Cases	2	90	60	178	8	8	402	23	637

The above chart shows data from both Circuit and District Court. Circuit Court hears all felony criminal cases. District Court handles city and county ordinances, misdemeanors, and early felony case proceedings, such as making probable cause findings to send a felony case up to Circuit Court.

Charges and cases represent different types of data. A charge represents the legal accusation of a crime. A case captures the judicial proceeding under a single file number. One case can have many charges.

Acquitted data represents when the defendant (person being accused) is found not guilty.

Amended data represents when an official change has been made to the original filing. This can occur in many different ways; altering or amending a charge to reflect new evidence or an additional claim, final disposition through plea deals, and correcting clerical or technical errors.

Conviction data represents a final judgment of guilt, entered pursuant to a plea agreement or a jury verdict.

Dismissal data represents cases that are dismissed before reaching a final disposition – for example, a judge may grant a motion to dismiss due to evidentiary issues raised by the defendant.

Diverted cases represent defendants who were offered an alternative to traditional prosecution, allowing them to avoid a formal criminal conviction upon successful completion of a diversion program. If the defendant fails to complete the program, the case returns to the traditional prosecution track.

FTA stands for “failure to appear” when the defendant misses a scheduled court date. FTV stands for “fugitive”, which is when the defendant is actively evading law enforcement or the court process. AP stands for “administrative procedure”, when a case is paused because of administrative processes.

Indictment data reflects charges contained in the formal charging document, issued by a grand jury.

Percentages are less meaningful here because a single case may be counted multiple times — either within the same year or across different reporting years — so the raw numbers tell a clearer story. As shown in the chart, in 2025, 535 total cases ended in a conviction between Circuit (475) and District (60) Court. Comparatively, 596 total cases were dismissed (Circuit 418; District 178) and 26 total cases were acquitted (Circuit 24; District 2). These cases include the various types of sex crimes listed in the above statutes.

Annual access to data from the Administrative Office of the Courts allows stakeholders to review and compare county-specific criminal-legal data. Doing so has provided insight into how law enforcement agencies and prosecutors interact with cases involving sexual violence. A review of the 2018-2023 AOC data provided for the SAFE Act report, for example, shows higher rates of convictions in counties where there is SANE coverage.

In Closing

As with most legislative overhauls, it has taken time to recognize and analyze how the SAFE Act has impacted sexual violence in Kentucky. The SART AC knows the SAFE Act has expanded the resources available to law enforcement and the forensic labs, which has led to the resolution of more cases. Kentucky remains committed to bringing resolve to survivors by reopening cold cases, working towards the timely testing of evidence, and the prosecution of offenders. Additionally, improvements regarding the training and retention of SANEs and investigative personnel will help ensure that when survivors do choose to utilize the medical and criminal-legal systems, these systems will provide a trauma-informed response that strives to minimize re-traumatization.

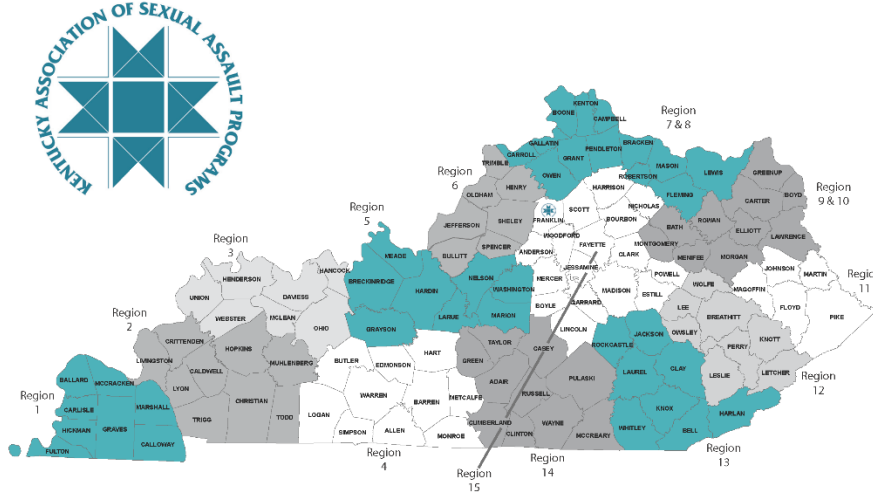

Kentucky has made notable strides in addressing the backlog of forensic evidence while continuing to improve support services for survivors. The collaborative approach of statewide and community agencies, combined with legal reforms and a focus on prevention, programming represents a multi-faceted approach to combating sexual violence in Kentucky. Conversely, the primary focus and majority of the resources for sexual violence continue to go towards response efforts. The traditional systems of response are often centered around the criminal elements more so than what is in the best interest of the survivor. Sexual assault is one of the most underreported crimes, and those working with survivors know that not all survivors choose to obtain a SAFE examination or report to law enforcement. Yet, nearly half of Kentucky women, and over 30% of Kentucky men report experiencing sexual violence or intimate partner violence at some point in their lives.

Sexual violence creates an economic burden for the state of Kentucky. Analyses from the U.S. Centers for Disease Control and Prevention show that the estimated cost of sexual violence and intimate partner violence over a survivor's lifetime amounts to \$122,461 coming from impaired health, lost productivity, and criminal justice costs.

Preventing sexual violence has become an increasing priority for multidisciplinary teams that have traditionally focused on responding after violence occurs. These efforts aim to reduce the number of assaults that take place, thus relieving economic burdens, lowering the amount of SAFE kits that need to be processed, lowering instances of crime, and preventing time spent in court proceedings. Sexual violence is preventable. However, this will not happen in Kentucky until we invest the same level of funding and resources in primary prevention as we do in response and crisis intervention.

SEXUAL ASSAULT CHARGES DISPOSED CALENDAR YEAR 2025 STATEWIDE

April 30, 2026

By

Lance Butler (*Data Analyst*)

Lyn Guarnieri (*Research and Statistics Team Lead*)

Christopher Garrison (*Data Analysis Specialist*)

Tammy Collins (*Data Analysis Specialist*)

Statistics Request Overall Description

Pursuant to KRS 27A.305, the Administrative Office of the Courts is providing the Sexual Assault Response Team Advisory Committee a count of sexual assault charges disposed in cases calendar year (CY) 2025 statewide. The UOR codes for the requested charges are provided on the attached supplemental list.

CourtNet, which provides a summary of cases statewide, was queried for the specified sexual assault charges disposed January 1, 2025 through December 31, 2025.

Statistical Tables (21_RSX5000 & 26_RS5007)

Report 21_RSX5000 provides a list of the UOR codes queried for this report.

Report 26_RS5007 presents the number of specified sexual assault charges disposed during CY 2025 statewide. Tables are grouped by the court jurisdiction and are sorted by county, UOR code and description cross tabulated by charge disposition group.

Pages 1-61: Charges disposed in Circuit Court by county, UOR code, and UOR description.

Pages 62-101: Charges disposed in District Court by county, UOR code, and UOR description.

Pages 102-106: Statewide Summary of charges disposed in Circuit Court by UOR code and description.

Pages 107-110: Statewide Summary of charges disposed in District Court by UOR code and description.

Page 111: Charges disposed statewide.

Statistical Analysis Considerations:

- These statistics represent a snapshot in time as of the date the data was queried: 4/28/26.
- A case may consist of one or multiple charges. The report's count of cases represents a distinct count of case numbers, regardless of the number of charges associated with the case.
- Counts of cases do not necessarily represent counts of unique individuals.

SEXUAL ASSAULT CHARGES DISPOSED CALENDAR YEAR 2025 STATEWIDE

Statistical Tables (21_RSX5000 & 26_RS5007)

- Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court. Other charges may be indicted directly to Circuit Court without being preceded by a District Felony case.
- Charges consist of all original and amended charges within a case.
- Charges include ASCF Codes: 1 - Attempt, 2 - Solicitation, 3 - Conspiracy, 4 - Facilitation, 5 - Complicity, 6 - Enhancement.

Data Variables Requested

Database	Data Variable	Description
CourtNet	Court Jurisdiction	The jurisdiction of the case for which each charge was disposed: • Circuit Court • District Court
	CY	The calendar year in which the charge was disposed.
	County	The county in which a charge was disposed.
	UOR Code and Description	A code and description which identifies the specific offense charge brought against the defendant.
	Disposition Type	The manner which each charge was disposed. Disposition types include: Acquitted • ACQ – Acquitted • NG – Not Guilty Amended • ACC – Amended Down by Circuit Court • AD – Amended Down • AGJ – Amended Down by Grand Jury • AMEND – Amended • AU – Amended Up • AUGJ – Amended Up by Grand Jury Convicted • G – Guilty • GM – Guilty-Multiple counts • GSS – Guilty-Sealed Sentence • PRPD – Prepaid Dismissed • CD – Dismissal by Motion of Prosecutor • DD – Dismissal Diverted • DDP – Dismissal Deferred Prosecution • DEC – Deceased • DGI – Dismissed After Presented to Grand Jury • DIS – Dismissed

SEXUAL ASSAULT CHARGES DISPOSED CALENDAR YEAR 2025 STATEWIDE

		• DWP – Dismissed with Prejudice • HNG – Hung Jury • INC – Incompetent to Stand Trial • MST – Mistrial • NPCF – No Probable Cause Found • NPHH – No Preliminary Hearing Held • NGI – No Action Taken by the Grand Jury • NTB – No True Bill Returned by Grand Jury • PAR – Pardon-Prior to Adjudication Only • PRDIS – Pre-Payable Citation Dismissed • SAV – Set Aside Voided • VAC – Vacated Judgment • VEFC – Vacated Expunged Felony Conviction • VSC -Voided Sealed Conviction • WD - Withdrawn Diverted • DIV – Diversion • DP – Deferred Prosecution • PTD – Pretrial Diversion FTA/FTV/AP • AP – Administrative Procedure • FTA – Failure to Appear • FTV - Fugitive Indictment • IND – Indictment by Grand Jury/Information Other • OTH - Other
	Charges	A count of charges disposed.
	Cases	The total number of distinct cases disposed.

RESEARCH AND STATISTICS DISCLAIMER

Information received from KYCourts/CourtNet is subject to change(s), reprogramming, modification(s) of format and availability at the direction of the Administrative Office of the Courts (AOC) and may not at any particular moment reflect the true status of court cases due to ordinary limitation(s), delay(s) or error(s) in the system's operation. The KYCourts/CourtNet database is not a real-time system. All datasets are a snapshot of case data at the time a query is run. Case counts are not counts of individuals as some persons may have multiple cases.

The AOC disclaims any warranties as to the validity of the information obtained from KYCourts/CourtNet. The recipient is solely responsible for verifying information received from KYCourts/CourtNet through the cross-referencing of official court records. The AOC shall not be liable

to the recipient, or to any third party using the system or information obtained therefrom, for any damages whatsoever arising out of the use of KYCourts/CourtNet.

RESEARCH AND STATISTICS UOR CODE DISCLAIMER

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at www.kentuckystatepolice.org.

The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at [Analytics - Kentucky Court of Justice](#). The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or "ASCF" codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A "0" as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the "0" will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of "*obs" within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.

Considerations:

* These statistics represent a snapshot in time.

* A case may consist of one or multiple charges. The distinct count on cases counts the case only once.

* Counts of cases do not necessarily represent counts of unique individuals.

Considerations:

* These statistics represent a snapshot in time.

* A case may consist of one or multiple charges. The distinct count on cases counts the case only once.

* Counts of cases do not necessarily represent counts of unique individuals.

Considerations:

* These statistics represent a snapshot in time.

* A case may consist of one or multiple charges. The distinct count on cases counts the case only once.

* Counts of cases do not necessarily represent counts of unique individuals.

Considerations:

* These statistics represent a snapshot in time.

* A case may consist of one or multiple charges. The distinct count on cases counts the case only once.

* Counts of cases do not necessarily represent counts of unique individuals.

Considerations:

* These statistics represent a snapshot in time.

* A case may consist of one or multiple charges. The distinct count on cases counts the case only once.

* Counts of cases do not necessarily represent counts of unique individuals.

	0109961 ATT RAPE, 1ST DEGREE, VICTIM U/12 YEARS OF AGE	Charges	0	0	0	1	0	0	0	1
		Cases	0	0	0	1	0	0	0	1
	0111610 RAPE, 2ND DEGREE (MENTALLY INCAPACITATED)	Charges	0	0	0	1	0	0	0	1
		Cases	0	0	0	1	0	0	0	1

Considerations:

* These statistics represent a snapshot in time.

* A case may consist of one or multiple charges. The distinct count on cases counts the case only once.

* Counts of cases do not necessarily represent counts of unique individuals.

	0017100 SEXUAL MISCONDUCT	Charges	0	0	0	0	0	0	1	0	1

Considerations:

* These statistics represent a snapshot in time.

* A case may consist of one or multiple charges. The distinct count on cases counts the case only once.

* Counts of cases do not necessarily represent counts of unique individuals.
